

STATE OF WYOMING – LICENSED OUTFITTERS - 2017

Dear Friend,

Thank you for your interest in the services provided by Wyoming's hunting outfitters. This booklet contains a list of our licensed outfitters, along with their license number and, as you will see, details of the hunting services they offer. The license number has no relation to how long an outfitter has been licensed. There is a cross-reference by business name at the back of this directory.

Wyoming's outfitters are hunting professionals. When booking a hunting trip to Wyoming, be sure to use the services of a licensed outfitter. Because the qualifications and standards are so high for licensed outfitters, some people not measuring up to these standards offer their services illegally at a lower cost. They can offer lower cost trips because they are not paying for liability insurance, the proper licenses, permit fees, and their equipment/livestock/tack may not be in the best of conditions. Also pay special attention to the following page regarding hunter responsibility when booking with an outfitter. You may request a list of all species and areas that your outfitter is authorized to book hunters and operate in.

Our guides must be employed by, or under contract with a licensed outfitter. Before beginning a trip with a guide ask to see their license, which must be signed on the back by the outfitter for whom he is working.

Any questions you have regarding whether an outfitter is licensed, or other concerns relating to outfitter matters should be directed to the Wyoming Department of Administration & Information, Wyoming State Board of Outfitters and Professional Guides, 1950 Bluegrass Circle, Suite 280, Cheyenne, WY 82002 Telephone: (800) 264-0981 or FAX: (307) 777-6715. The current directory (along with other information) may also be found on our website:

IMPORTANT NOTICE!!!
HUNTING WITH AN OUTFITTER IN THE STATE OF WYOMING
DON'T BE A VICTIM OF UNLICENSED OUTFITTERS OR GUIDES

Wyoming holds hunters responsible for knowingly booking with an unlicensed outfitter. Wyoming law states:

W.S. 23-2-418. Compensation of person not licensed under this act prohibited; penalty.

(a) No person shall directly or indirectly compensate a person holding himself out as engaging in the business of or acting in the capacity of an outfitter or a professional guide unless that person provides proof that he is a licensed outfitter or professional guide as required by this act.

(b) Any person violating this section is guilty of a misdemeanor as prescribed under W.S. 23-2-417

(a). Laws 1997, ch. 79, § 3, provides: "The Game & Fish Department shall, through its publications, and other reasonable means, including providing information when mailing licenses to successful applicants, notify all applicants for game and fish licenses of the provisions of W.S. 23-2-418."

W.S. 23-2-417. Violation in general; penalties.

(a) Any person violating any provision of this act is guilty of a misdemeanor punishable by a fine of not to exceed five thousand dollars (\$5,000.00). (b) In addition to subsection (a) of this section, the court may in its discretion, revoke any license issued under this act or W.S. 23-1-101 through 23-6-208, to any person violating this act, for the remainder of the year in which the conviction occurs, and may suspend the person's privilege to receive any license under this act or under W.S. 23-1-101 through 23-6-208, for a period not to exceed five (5) years.

If you are compensating anyone for hunting outfitted services, request to see a copy of their outfitter's or guide's license to be sure they are legal. Professional Guide licenses must be signed on the back by the employing outfitter. Outfitters are licensed for specific areas and species that are listed on their license. It is against the law for them to operate outside of their authorized areas. Licensing is for the protection of the public to ensure they have a safe and enjoyable trip. Landowners are exempt under W.S. 23-2-406 (a) (iv) (B) which states: "Landowner" means any person, firm or corporation holding title to, or occupying under a contract of purchase, agricultural land or any person whose family owns at least a majority of the stock in a Wyoming Corporation and who provides services specified in this paragraph on lands owned by the corporation and used primarily for agricultural purposes.

Anyone wishing to receive further information on outfitters and guides, or a list of licensed outfitters in the State of Wyoming, may write to the Wyoming State Board of Outfitters and Professional Guides, 1950 Bluegrass Circle, Suite 280, Cheyenne, WY 82002. A current list of licensed outfitters is also on our website:
