

STATE OF WYOMING – LICENSED OUTFITTERS - 2012

Dear Friend,

Thank you for your interest in the services provided by Wyoming's hunting outfitters. This booklet contains a list of our licensed outfitters, along with their license number and, as you will see, details of the hunting services they offer. The license number has no relation to how long an outfitter has been licensed. There is a cross-reference by business name at the back of this directory.

Wyoming's outfitters are hunting professionals. When booking a hunting trip to Wyoming, be sure to use the services of a licensed outfitter. Because the qualifications and standards are so high for licensed outfitters, some people not measuring up to these standards offer their services illegally at a lower cost. They can offer lower cost trips because they are not paying for liability insurance, the proper licenses, permit fees, and their equipment/livestock/tack may not be in the best of conditions. Also pay special attention to the following page regarding hunter responsibility when booking with an outfitter. You may request a list of all species and areas that your outfitter is authorized to book hunters and operate in.

Our guides must be employed by, or under contract with a licensed outfitter. Before beginning a trip with a guide ask to see their license, which must be signed on the back by the outfitter for whom he is working.

Any questions you have regarding whether an outfitter is licensed, or other concerns relating to outfitter matters should be directed to the Wyoming Department of Administration & Information, Wyoming State Board of Outfitters and Professional Guides, 1950 Bluegrass Circle, Suite 280, Cheyenne, WY 82002 Telephone: (800) 264-0981 or FAX: (307) 777-6715. The current directory (along with other information) may also be found on our website:

<http://outfitters.state.wy.us>

E-mail: jane.flagg@wyo.gov

For information regarding hunting licenses please contact the Wyoming Game & Fish Department, 5400 Bishop Blvd., Cheyenne, Wyoming 82002--Telephone: (307) 777-4600.

For more information on travel in Wyoming, other points of interest or things to do and highway maps, please contact the Department of Parks & Cultural Resources, I-25 at College Drive, Cheyenne, WY 82002--Telephone: (307) 777-7777--FAX: (307) 777-6904.

An EOE/ADA Employer

STATE OF WYOMING – LICENSED OUTFITTERS - 2012

IMPORTANT NOTICE!!!

HUNTING WITH AN OUTFITTER IN THE STATE OF WYOMING

Wyoming holds hunters responsible for knowingly booking with an unlicensed outfitter. Wyoming law states:

W.S. 23-2-418. Compensation of person not licensed under this act prohibited; penalty.

(a) No person shall directly or indirectly compensate a person holding himself out as engaging in the business of or acting in the capacity of an outfitter or a professional guide unless that person provides proof that he is a licensed outfitter or professional guide as required by this act.

(b) Any person violating this section is guilty of a misdemeanor as prescribed under W.S. 23-2-417(a). (A fine not to exceed \$2,000, imprisonment for not more than one (1) year, or both.)

Wyoming's outfitters and guides are hunting professionals. Request to view the outfitter's license which indicates not only the type of land they are authorized for, but also the area by species. Guides must be employed by a licensed outfitter, and their license should be signed on the back by the outfitter for validation.

Our outfitters are tested, their background is checked, and equipment is inspected before a license is issued. They must carry full insurance and are responsible for hiring and training their own guides, who must then also apply through our Board.

Because the qualifications and standards are so high for licensed outfitters, some persons not measuring up to these standards offer their services illegally at a lower cost. They do not carry insurance, nor is their livestock and equipment up to par.

W.S. 23-2-406 (a)(iv)(B) "Landowner" means any person, firm or corporation holding title to, or occupying under a contract of purchase, agricultural land or any person whose family owns at least a majority of the stock in a Wyoming Corporation and who provides services specified in this paragraph on lands owned by the corporation and used primarily for agricultural purposes.

Anyone wishing to receive further information on outfitters and guides, or a list of licensed outfitters in the State of Wyoming, may write to the Wyoming Department of Administration & Information, Wyoming State Board of Outfitters and Professional Guides, 1950 Bluegrass Circle, Suite 280, Cheyenne, WY 82002.

Website: <http://outfitters.state.wy.us> or you may call 800-264-0981.
